BioMedix CEO John Romans Honored with 2010 CPMA Corporate Citizen of the Year Award

Saint Paul, MN – September 23rd, 2010 – BioMedix Vascular Solutions, Inc. announced that President & CEO, John Romans was recently awarded the 2010 California Podiatric Medical Association (CPMA) Corporate Citizen of the Year Award. This award is given in appreciation and recognition of significant and sustained corporate support of Podiatric medicine, its patients and practitioners.

The recipient of this honor is selected annually by the CPMA Board of Directors. CPMA serves as the voice of the Podiatric medical profession in California legislature, committed to programs and activities that promote and maintain high standards in medical education and in the practice of medicine. BioMedix has partnered with CPMA on a corporate level in order to continue its support of Podiatric medicine. In 2010, John Romans participated on behalf of BioMedix in the first P.A.D. Task Force Meeting, which was co-hosted in California by the CPMA.

“I am honored to be recognized by the CPMA,” said Mr. Romans, “The CPMA’s longstanding goals of maintaining high standards for Podiatric practice and education are certainly shared by BioMedix and I am glad to stand with the CPMA in support of these initiatives.”

With the leadership of John Romans, BioMedix has helped to build Podiatric centers of excellence for patient care by providing integrated hardware, HIT software and web-based solutions. The award-winning BioMedix PADnet™+ vascular diagnostic device boasts more than 300,000 completed patient tests to date with approximately a 50% rate of abnormality. BioMedix TRAKnet™ DPM Electronic Health Records (EHR) and Advanced Practice Management System, designed specifically by and for Podiatric Physicians, is the first and only Podiatric practice management system to be granted the Seal of Acceptance by the American Podiatric Medical Association (APMA).

About BioMedix

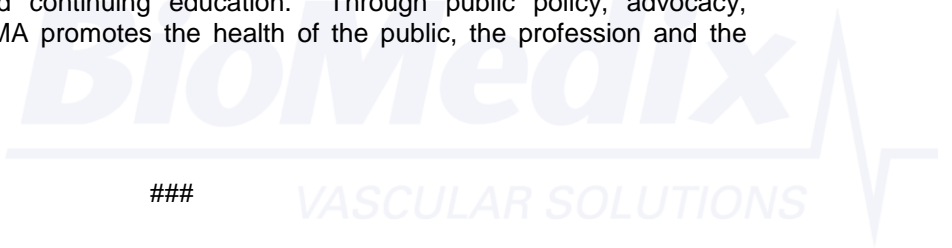

BioMedix Vascular Solutions, Inc. provides the only integrated suite of hardware, software and online services designed to cost-effectively detect Peripheral Arterial Disease (P.A.D.) and Chronic Venous Insufficiency (CVI). Vascular specialists, primary care providers, hospitals and health systems use our products to identify these patients. Our devices and Health Information Technology (HIT) software reduce mistakes, provide data for sound analysis, build practice revenue and streamline reimbursement while providing a platform that supports the continuum of care and increased quality outcomes. For more information about BioMedix products, call 877-854-0014 or log on to www.BioMedix.com.

About the California Podiatric Medical Association

Since 1912, the California Podiatric Medical Association (CPMA) has served as a symbol of excellence in the podiatric medical profession. As California's "Trusted Source for Podiatric Health Information," CPMA and its members are dedicated to promoting public health through policy, advocacy, innovation and continuing education. Through public policy, advocacy, education and other means, CPMA promotes the health of the public, the profession and the individuals it serves.
